

Planning Director Position

Community Image Builders | CIB Planning

If you are a senior level planning professional looking to control your own career destiny, then this may be the position for you. We are seeking a Planning Director with significant consulting experience that would like a manageable schedule and the potential to become a partner in the firm. Community Image Builders | CIB Planning is a boutique firm specializing in planning, economic development, and marketing for communities. We pride ourselves on undertaking challenging and innovative projects while focusing on implementation.

We believe that everyone should feel a strong connection and a sense of place in their community. We strive to serve our partners by providing innovative and implementable planning and development solutions. CIB regularly teams with other planning and related firms to ensure we are providing the best service to both our clients and planning team.

We are based in Fenton, Michigan, and this position would be a hybrid of virtual (at home) office, clientele office during office hours, and working with members of the CIB team in the Fenton area.

We offer a competitive compensation package that includes fully paid insurance, bonuses, and company retirement contributions.
